

GAME ZERO

Closed acoustic gaming headset

Designed for the gamer that demands no-compromise audio performance, comfort as well as portability, the Game Zero is the classic stereo headset that meets the challenge. A closed acoustic headset with a unique foldable design, the Game Zero delivers high fidelity audio with deep bass extension for an immersive experience.

The Game Zero's original transducer technology delivers extreme audio clarity for exceptional realism and details for instant in-game reactions. A microphone with a flexible lift-to-mute boom arm ensures game chat that is crystal-clear for on-the-fly strategy discussions.

Meticulous material choice and robust mechanics ensures long-term sustainability in the lightweight Game Zero which comes with its own hard carry case. Excellence and convenience in one tidy package
