

GSP 600

Closed acoustic gaming headset

Created for the passionate and quality-minded gamer seeking the best positional and communication audio for their game, the GSP 600 delivers the competitive edge. Digital sound processing creates detailed, precision positional audio to let you perform at your best. High audio fidelity and exceptional realism adds a higher impact to your gaming experience, providing for pin-point details and faster reactions.

For superior team communication, the GSP 600 features an advanced noise-canceling broadcast quality microphone that minimizes background noise and lifts to mute. The closed acoustic design and ergonomic ear pads of the GSP 600 provide for excellent passive noise attenuation even in the noisiest environment, and a volume control on the right ear cup allows for on-the-fly adjustments.
