

NAME PLATE MAKER

The EPOS name plate maker allows you to personalize your EPOS headset with a personal name plate, making it easier for you to distinguish your headset from your colleagues. This size is compatible with all headsets in the COMMAND 600 Series.

How to make your own name plate:

1. Write your name or initials in the white or black cell
2. Print and cut out the name plate
3. Place the name plate in the name plate holder on your headset
