

EPOS Small Meeting Room Solutions

For 1-7 participants

For professionals that work with team members across geographic locations, often needing to meet and align in small rooms.

What EPOS Delivers for Small Meeting Rooms

Stay focused – Exceptional audio and video performance ensures as natural a conversation experience as possible, providing the brain with the best conditions to stay focused on the meeting.

Designed to facilitate teamwork and seamless collaboration

Small meeting room's primary purpose is to facilitate quick breakout sessions for smaller teams working on a task or project. Small meeting rooms are for up to seven participants

Portable solutions

– Easily portable speakerphones for plug-and-play conferencing when you jump into a meeting

Easy to use

– All-in-one video solution that doesn't require a PC. Speakerphones that connect intuitively to your device via Bluetooth®, USB or jack

Personal & Shared Usage

– Choose a speakerphone that has automatic and manual reconnection options for an optimal user experience
